Profile

Hi I'm Nitesh and I'm passionate about all things **Django**. I work hard, I care about writing clean and I genuinely love to learn. I'm currently looking for the right opportunity to work in an environment that will help me progress into a full-stack role.

Work Experience (Project)

Web Projects:

- Build a modern fully functional and customizable Ecommerce website.
- Make a fully customizable Blog
- Developed a library Management System
- Developed the front end for many large websites using HTML, CSS, JAVASCRIPT (like Facebook, Twitter, Instagram)
